PATCH AUCTION

We are looking for donations for our annual patch auction. If you have any patches that you would be willing to donate, we will be collecting them at December and January's roundtable and at Icicle.

Notes:

- Campsites reservations will be taken at the December and January Roundtables.
 - As in the past we are requesting that at least one adult and one youth over the age of 14 volunteer to be judges. If this is a problem for your unit or you have any questions, please contact Vicki at vicki@notjuststuff.com or by phone at 410-676-9483.
 - Due to the lack of parking at Camp Spencer, we are asking that each unit carpool as much as possible, and if possible refrain from bringing trailers. For those units that do bring trailers, we may require that once all of the necessary equipment for the weekend is removed that it be moved to Camp Saffran parking lot so that we have space available for cars. Finally, we may have to implement stadium style parking so that we can get everyone into the parking lot. With your cooperation, we should limit the parking problems and make the registration process smooth for all.
 - Due to liability concerns, we must ask that NO Webelos attend Icicle under any circumstances.
 - The camp gates will be opened at 6pm on the Friday night of Icicle.
